

#1 PLANT HEALTH EXTRA LIFE

Greatest Guarantee-Offer PROOF Ever
68 YEARS, unchallenged, \$5,000. GUARANTEED to be
World CHAMPION

#1 Activator, **PLANTER,** #1 Trans/
 #1 **REVIVER,** **GROWER,** #1 Perfecter
WORLD'S FAIR SCIENCE-MEDAL-WINNING

VI SUPERthriveTM 50 IN ONE

VITAMINS-HORMONES

USED BY U.S.
 Departments of
 AGRICULTURE, ARMY,
 NAVY, AIR, Etc.
**ALSO BY STATES,
 CITIES, COUNTIES,
 UNIVERSITIES**

RECOMMENDED
 BY EXPERTS OF
 TV, RADIO, BOOKS,
 MAGAZINES,
 CONFERENCES

NON — FERTILIZER
BIOUSABLESTM
TO ADD TO FERTILIZING for growing

GUARANTEED
 As Advertised in
 Better Homes & Gardens

DOUBLE MONEY-BACK

Dozens OF THE WORLD'S

science MIRACLES

IN EACH DROP!

ADD to any fertilizing

- 50 INSTANT BIOUSABLESTM
- NORMAL PURE COMPLEXES
- From Carbon-Hydrogen-Oxygen
- natural organic crystals
- Save plants from them
- trying to make them
- Unique. Nothing is "like" it.

SEE TO BELIEVE —
HEALTHIER, FASTER yield
BEAUTY and CROP yield

YOU CAN ORDER PINT, QUART, GALLON, or DRUM

ADDED TO 21 FERTILIZERS, by 21 Growers

Billions—PROVEN BALANCED ORIGINAL NORMALIZER — MAXIMIZER

WORLD'S #1 TOP PLANT SUPPLY

50 SUPERthriveTM VITAMINS-HORMONES
BILLIONS-PROVEN EXTRA-LIFE-MAKER FOR PLANTS
 Unchallenged guarantees — proven best. 5 ways, on every continent, by millions of people, on billions of plants.
"Best product known... for any purpose."
 say many leaders.

EXTRA LIFE for YOUR:

- | | | | |
|--|---|---|---|
| ① INDOOR PLANTS
To See MORE NEW FLOWERS and LEAVES, HEALTHIER, STRONGER — MORE BEAUTIFUL | ② OUTDOOR PLANTS
And TO START NEW ROOT AND FOLIAGE ACTION, SHOOTING DOWN, UP and filling-in, sideways | ③ SEEDLINGS
TO PLANT THEM ALL SAFELY, UNIFORMLY — and GROWING MORE STRONGLY | ④ FLOWERING
And TO GET MORE FLOWERS, LONGER and MORE BEAUTIFUL |

DIRECTIONS — EASY!

WHEN
 When watering, when soil is THIRSTY in ALL watering applied at same time. Weekly if practical.

HOSE ONTO YARD:
 Put proportioner or "gun" onto hose.

FLOOD ONTO YARD:
 Put empty clean trash-tub or large can where needed. Fill, stir, empty over. Then move to new place.

REVIVING WOODY SHRUBS AND TREES:
 1 ounce per 5 gallons, once. Soak thirsty root area, deeply. Regular strength can be used later.

TIPS:

- For GROWING — ADD to any fertilizers program.
- For PLANTING and REVIVING — at first, use alone. AVOID fertilizers. Especially if need to revive is caused by OVER-fertilization (the most common single problem with tropical foliage interior plants, according to some state experts).

NOTE:

- Be sure SUPERthriveTM gets to the plants' roots. Make high-leaf soil penetrable. Or try fine-spraying under surface of leaves.
- Any ORIED SUPERthriveTM around bottle opening, after use, will be o.k. (normal evaporated crystals, still good.)
- Try to use same day mixed, whether with or without fertilizers. (If galvanized tub used for mixing, try to empty soon.)

NON-WARRANTY. Makers cannot be responsible for use, whether or not thought to be according to directions (which have seemed valuable to 100% of users following them). However, write, with your phone number, if you have a question on how to have easier plant success with SUPERthriveTM.
